

Refurbishment

Scheme Details

This major refurbishment project of the Ferrari Dealership in Egham involved a strip out of existing dealership and removal of asbestos roof, new roof, new external glazing and render system. It also included a complete internal fit out with a brand new showroom affording display for 21 new and used cars, plus a handover area all with extensive works and refurbishment of the valet bay.

Programme: 40 weeks

Value: £1.75 million
