

Refurbishment | Reconfiguration

Scheme Details

Full refurbishment and reconfiguration of the existing showroom, handover bay and offices with new building fascia signage. Demolition, alteration & extensions to existing service area to form new workshop, MOT, wet valet and parts. Making the building footprint smaller increased the limited customer & display parking on site whilst streamlining and enhancing the new facilities. The project was completed in numerous phases to ensure the dealership remained fully operational throughout.

Value: £1.35m

Programme: 48wks
