

New build & Refurbishment

Scheme Details

Demolition of the existing showroom and offices to make way for a new modern showroom & office building. The adjacent workshop was kept live throughout the entire project including the over-roof to the existing asbestos workshop roof. The new showroom itself was constructed in just 16 weeks and included a fully glazed car display area plus glazed offices, handover bay, service reception, kitchen and toilets. Externally a new tarmac car display and parking has been formed as well as a new cladding facade to the existing workshop.

Project Value: £1,500,000

Programme: 28 weeks
