

New Build

Scheme Details

Project Value: £2.6m

Programme: 28 weeks

This new build development in Northamptonshire, on the Cransley Park site, was completed by our Special Projects division. The project involved the construction of a new car sales facility with sales building, workshop, smart repair bays and external car-washing facility. Other works included tarmac surfacing to the sites larger than average plot which holds the customer/visitors parking as well as the vehicle display bays, steel frame and mezzanine structure, roofing, cladding, glazing and vehicle access doors.
